Sir,

Sub Registration Department - Establishment - Pensionary benefits in respect of Sri K. Sreedharan, retired Sub Registrar, Agali - Audit Report for 1-4-95 - reg

Ref. Your Lr. No. E3.15963/94 dated 2.5.94

The short levy of stamp duty pointed out in this office letter No. Report(RR)/DP 2089/95-96/115 dated 12.5.95 stands included as paragraph 7.2(ii) of the Audit Report (Revenue Receipts) for the year ended 31 March 1995.

As had already been pointed out on many occasions, during local audits we conduct a test check of the records of the department and point out the short levies, under-assessments, etc., noticed in the records test checked. The short levies, under-assessments, etc., which we feel worth bringing to the notice of the Legislature are included in the Audit Reports. It is for the Public Accounts Committee to make final recommendations on the cases included in the Audit Reports.

We do not assess the liabilities of the departmental officers during local audits. Also, we have never requested the department to treat the results of audit as their liabilities. Hence we are in no way responsible for the non-release of the pensionary benefits of the retired officer which would have caused a lot of pecuniary problems to him.

I, therefore, request you to review all such pending cases and take appropriate decisions regarding the release of the pensionary claims.

Yours faithfully,

Sr Audit Officer/Report(RR)
